“” What They're Saying

“Wow! Where to start? I attend about 15 industry conferences a year. **This conference was the best I have attended in a long time.** Great panel topics, lots of great fleet turnout, booth traffic the entire time, registration was half the cost of some of the other conferences, food was great, venue nice and close to the very-helpful-yet-reasonable Doubletree. (And no ride-and-drive - thank goodness!) Exhibitor's lounge was great! Loved the chair massage!”

“**The conference was done with an elegance and class that far exceeds most,** with quality speakers, fine food, a great venue, clean facilities, excellent programs, water and food on the exhibit floor, the vendor lounge, golf outing, etc. Congratulations, a job well done! You did Oklahoma and our CNG community proud!”

“The sessions were great and very well planned with the right people on each panel. The food was **beyond spectacular** and the details that went into the event were not skipped. Attendees/exhibitors were well entertained throughout the event by NGVOK! **Great job!**”
